

Stock Donation Form

Donating stock to MOSES can be a great choice for both parties. You as a donor create tax savings in several ways. No tax is imposed on the appreciated portion of the gift (the capital gains), and yet the donor will receive a charitable deduction based on the stock's fair market value. MOSES benefits from a gift that might be larger than you could make with cash and can put that money to work helping create a better system of agriculture that benefits all of us in many ways and for generations to come.
